

Bentley & Co. Foundation

WHERE PREVENTION HAPPENS—SO SURRENDER DOESN'T.

Our foundation is a registered 501(c)(3) nonprofit dedicated to preventing pet surrender through education, resources, and community-centered support.

RELIEF AID

Our Bridge-Aid Bundles provide short-term support for pets during life's challenges—filled with food, toys, and daily care essentials. They're designed to ease pressure on owners while helping pets stay fed, safe, and out of shelters. We also operate a mobile pet food pantry under *The Full Bowls Project* to serve families facing temporary food insecurity.

THE LEARNING LOFT

Free Zoom classes that teach new and future pet owners the basics—feeding, care, training, and what to do in an emergency. Our goal is to prevent problems before they start and help people feel confident caring for their pets.
